The Way God Sees Me by ShannaLyn

We all misunderstand how God sees us. We see a reflection of ourselves in His eyes, bent by the frustrations we have with our own mistakes and failings. In this study, you use the lens the Apostle Paul gives us in the first chapter of Ephesians to adjust your perspective to what God sees. Each day of the study focuses on a unique perspective that God has and reminds us of how He looks down upon us in love. Verses and stories of people just like us are drawn from all throughout the Bible. This study presents a multi-faceted approach to understanding who God sees when He looks at us.
